

Program Update

Core Purchase Policy

RE: Core Credit Enhancement

ATS will provide operators with both a cash price offer in addition to an ATS account credit option (120% of cash offer) for all PT6A outright core purchases.

There are no restrictions on how the account credit can be used (engine maintenance, repair, overhaul, purchase, lease, parts, existing account payable or financed balance).

This change is retroactive. If ATS purchased an outright core from you after March 1 of this year contact us if you would like to exercise the credit option above.
