

Program Update

Commercial Terms Program

RE: Extended Credit Terms

ATS was recently approved to participate in a US government sponsored export recovery initiative that guarantees payment terms for qualified foreign operators.

We are pleased to be able to offer this option to our foreign operators to help you preserve and lengthen your working capital during the Covid-19 recovery. Preference is given to existing / past ATS customers, but there is also a procedure that allows us to qualify new business.

If you have an upcoming PT6A MRO or purchase requirement, please contact one of our regional sales representatives to learn more about participating in this program.
