Warranty Modification

RE: Warranty Term Extension

At the request of several fleet customers, we've extended our engine repair and overhaul warranty policy to 5 years.

We agree that having your warranty clock continue to run on engines that have been furloughed during the Covid-19 pandemic doesn't make sense.

We offer a reliable and fair warranty policy that lacks small print, footnotes and unreasonable exclusions. We stand behind our work and pride ourselves on being a resource (vs. a vendor) for our customers.

Please contact one of our Regional Sales Representatives for additional information.
